**Nurse Teddy Bear Learns About Food Allergies: Learn about food allergies in a school setting** Ann Lempert Deutsch

Schools recognize the growing number of students with potentially life threatening food allergies. They are committed to the safety of all students. As a school nurse, I recognize the responsibility to develop appropriate food allergy plans that detail emergency management and address conditions to prevent exposure to specific allergens. It is my belief that a collaborative partnership between school and family is the best way to achieve this goal while thoughtfully increasing the student's independence. - Ann Lempert Deutsch  
January, 2012
