Amanda's Boat Don McGarva

On a summer trip to Maine with her godparents, eleven-year-old Amanda is suddenly struck by a brilliant idea. Wouldn't it be fun to build a boat together as a family? After all, her godfather Jim is an experienced woodworker. It would be a once-in-a-lifetime opportunity.

But for every excuse Amanda can come up with to build a boat, there's a reason it simply can't be done. There is no place to build, no supplies, no plans whatsoever—not to mention that it takes much longer than a couple of months to build a vessel from scratch.

Still ever persistent, Amanda manages to get permission from her parents to spend the year in Maine and tracks down a retired old boat maker who might possibly be able to help.

What follows, over the course of one year in upstate Maine, is the intertwining of five lives—a tale of friendship and family, as Amanda begins to discover all the rustic adventures of country living. But as the seasons pass, suspicions are raised, and secrets exposed, with plenty of important life lessons to learn along the way.
