Effectiveness of University Education in Italy: Employability, Competences, Human Capital

Effectiveness of University Education in Italy: Employability, Competences, Human Capital

In this volume – drawn on experience at Italian universities – the authors infer upon the quality of the education achieved by graduates by surveying their transition to work and further professional paths. Papers are presented on the effectiveness of university education, on employability of graduates, with a discussion on considering the employment rate as the main assessment indicator, on competence analysis for backward assessment purposes and finally on university human capital indicators.
