**Monkey Mind: A Memoir of Anxiety** Daniel Smith

**In the insightful narrative tradition of Oliver Sacks, *Monkey Mind* is an uplifting, smart, and very funny memoir of life with anxiety—America’s most common psychological complaint.**

Daniel Smith’s *Monkey Mind* is the stunning articulation of what it is like to live with anxiety. As he travels through anxiety’s demonic layers, Smith defangs the disorder with great humor and evocatively expresses its self-destructive absurdities and painful internal coherence. Aaron Beck, the most influential doctor in modern psychotherapy, says that “*Monkey Mind* does for anxiety what William Styron’s *Darkness Visible* did for depression.” Neurologist and bestselling writer Oliver Sacks says, “I read *Monkey Mind* with admiration for its bravery and clarity....I broke out into explosive laughter again and again.” Here, finally, comes relief and recognition to all those who want someone to put what they feel, or what their loved ones feel, into words.
