Canadian Human Rights Commission again sides with Liar!: Base Surgeon Major Salsman? Terry Mallenby

This book is rather about the miserable treatment of ‘the little guy’. Incredibly it is about an apparent lying doctor? Base Surgeon Major Salsman says “blisters and hot spots” on left and right foot! Base Surgeon Major Salsman says “on left foot there is a 1” long friction mark on the posterior aspect of the foot slightly proximal from the ‘calcaneus(?)’. There is also a blister on the plantar aspect of the foot located on the heel. It appears to be relatively deep. On the right foot there is a similar friction mark as described on the left foot. There are hot spots located on the bottom of both heels”! Base Surgeon Major Salsman says “friction marks, hot spots and blisters caused by grossly oversized combat boots”! Base Surgeon Major Salsman says “enquire about new boots, should be fitted with orthotics, and dressed friction marks, dressed with ‘hypafix(?)’ and ‘mepore(?)’! Base Surgeon Major Salsman placed an order for special proper fitting boots for this young Canadian Forces female member with “vibram-soles” to accommodate her wide feet so she could perform her military duties! That is, until you get to an apparent “cover-up” letter dated 17 July written by none other than Base Surgeon Major Salsman? In it, Base Surgeon Major Salsman says “I am unsure what is wrong with this lady”?????????
