We spin in a tiny cluster at the edge of a spiral galaxy. Our world is only a smaller part of a vast, vast Universe. We believe ourselves to be alone. We hope that we are not.

Millenia ago, a book was written that described the end of the world. But even that end was not the end.

In another part of the Universe, an Emperor holds court. An Emperor whose line brought peace to a Universe that had lost its way.

A human from Earth has been sold to aliens by her own government, and an alien Trainer who was once a slave searches the Universe for those who can Battle in the Ring as our own gladiators of old once did.

The human Ilyra has been found, but can she thrive in a Universe where humans are the minority, and an insidious danger is working its way through the Primary Worlds? A force that many once again require all Four Horsemen to stop it. They aren't just the harbingers of the doom to come. They are the only ones who can stop it.
