This book is designed for first time entrepreneurs who are looking for ideas to start their first business based on current and emerging trends in the marketplace. My goal with writing this book was to reach out to people like me who worked in corporate America, but felt disenfranchised once they lost their jobs. My research for this book was simple. Write a book that illustrates consistent trends in the U.S. economy and pair them with viable business ideas so that first time entrepreneurs can review what businesses have the greatest chance of success.
