The Name "Negro" Its Origin and Evil Use Richard B. Moore

An original first printing with the "\$1" mark printed on the cover. 82 pages plus a page of ads for the Frederick Douglas Book Center. 1/2 title. Frontis photo plate of the committee and one photo plate of the AfroAmerican Coöperative Association in the middle of the text. At the same spot as the Afro American Association photo a few pages have been stapled together - actually and probably from the original publisher and distributor - because they are misprinted on the back and have been mispaginated. The stapling "fixes" the pagination problem and keeps the book still complete but not redundant for those misprinted pages. An interesting early crude printing - before any flaws were repaired - no doubt. A tight copy. Has a few minor thin pencillings under some text. Of historic interest.
