When Drake disappeared from Wolf Hills, I vowed not to trust him again... he was my lover, childhood friend, someone I wanted to live with for the rest of my life... and suddenly, I found that he has disappeared...

So, when he came back after a few years, I had no words to describe my happiness... I had spent lonely days and nights... looking for him... in all the places we frequented together...

There was something different about Drake after he had come back... he seemed like a real Alpha... there was an air of confidence about him... a confidence that suggested that he has come to rule Wolf Hills, stake his claim as the Alpha of the town...

But unknown to us, there was someone / something that wanted to destroy Drake, and in the process me too... We had to know who this was... The question was what to do when we got to know this person... how to defeat him... I never knew that I would get the rudest shock of my life when I got to know who this someone was... and I had to decide between Drake and this person...
