Edited by the late Philip L. Barbour, acknowledged as the leading authority on Captain John Smith, this annotated three-volume work is the only modern edition of the works of the legendary figure who captured the interest of scholars and general readers for over four centuries. A hero and adventurer, Smith was the leader who saved Jamestown from self-destruction, and he was also instrumental in the exploration and settlement of New England. He produced one of the basic ethnological studies of the tide-water Algonkians, an invaluable contemporary history of early Virginia, the earliest well-defined maps of Chesapeake Bay and the New England coast, and the first printed dictionary of English nautical terms. This is Volume II of three volumes.
