Prime de vie [Prime of Life] Romuald Reber

En l'an 2020, la société humaine, confrontée à la montée de la violence urbaine, civique et économique, à la dégradation de son environnement et à la déshumanisation comportementale de sa population, a accepté pour survivre, une nouvelle justice. Cette nouvelle justice devra lui garantir un avenir et un nouvel espoir. Dorénavant, chaque être humain devra s'acquitter d'une prime de vie. Quel en sera le prix ? À tort ou à raison, la question de la sécurité depuis quelque temps est largement abordée dans nos sociétés. Partant de ce fait, cette nouvelle est construite sur le compost de l'insécurité. Prime de vie trace un portrait linéaire sur une question redondante de l'humanité qu'est le libre arbitre. Dans une ambiance technologique de ce que pourrait être la société en 2020, d'autres questions intéressantes surgissent également de cette histoire. Prime de vie exprime la souffrance d'Yves Walden, qui ne supporte plus la déshumanisation qu'il constate dans sa commune de Borgon en Suisse et ailleurs dans le monde. Sa révolte va lui permettre de trouver une solution au problème de l'insécurité. Il va la trouver à travers un voyage qui l'emmènera de sa commune en Suisse à Hong Kong, Singapour, puis, à San Diego et finalement à New York. La société entière va adhérer en 2020, au concept de cet architecte. Le succès est total, ou presque....

Please note: this audiobook is in French.
