Told through the fresh, sharp eyes of new organizational recruits, these sometimes comic, often traumatic, but always vivid and revealing accounts of organizations have much to say to learners and old hands alike. Grouped in sections on 'images', 'winning and losing' and 'survival and injuries', the narratives encompass a wide gamut of themes and issue. These include: power and politics in organizations; organizational cultures and change; gender and discrimination; appearances and realities; leaders and followers; and emotion, motivation and stress. The authors also focus on the coldly competitive features of businesses where processes such as restructuring, rationalization and downsizing are increasingly commonplace.
