The

*Dhammapada*

is the most widely read Buddhist scripture in existence, enjoyed by both Buddhists and non-Buddhists. This classic text of teaching verses from the earliest period of Buddhism in India conveys the philosophical and practical foundations of the Buddhist tradition. The text presents two distinct goals for leading a spiritual life: the first is attaining happiness in this life (or in future lives); the second goal is the achievement of spiritual liberation, freedom, absolute peace. Many of the key themes of the verses are presented in dichotomies or pairs, for example, grief and suffering versus joy; developing the mind instead of being negligent about one's mental attitude and conduct; virtuous action versus misconduct; and being truthful versus being deceitful. The purpose of these contrasts is, very simply, to describe the difference between what leads to desirable outcomes and what does not.

For

centuries, this text has been studied in its original Pali, the canonical language of Buddhism in Southeast Asia. This fresh new translation from Insight Meditation teacher and Pali translator Gil Fronsdal is both highly readable and scholarly authoritative. With extensive explanatory notes, this edition combines a rigorous attention to detail in bringing forth the original text with the translator's personal knowledge of the Buddhist path. It is the first truly accurate and highly readable translation of this text to be published in English.
