Futuristic Romance

Repossessed...

Kendall Haven's life turns upside down when she's kidnapped off her fueling dock home by thugs claiming to have the right. Her father, the gambler, used her to cover his losses at the Larceny Casino Ship. Drugged and treated like cargo, she's sold to the highest bidder--Galaxy Brides Corporation.

Landing on a primitive planet on the far edge of the universe, she has no intention of fulfilling her father's contract--even if that contract includes marriage to a very handsome, very sexy, very intense barbarian of a man. He might be everything a woman fantasizes about, but he wants a little more than she can give.

Possession...

Lord Alek, Younger Duke of Draig, has not been lucky in finding his life mate. Resigned to a lonely life, he attends the bridal ceremony out of familial duty. Then the impossible happens--Kendall. Nothing goes according to tradition, but he can't let that dissuade him. She is his only chance at happiness, and no matter how she protests, he's not going to let her get away.

Warning: The book contains a hard-headed sexy alpha male who will win his chosen woman at any cost and an even harder-headed woman who won't make his task easy. Contains adult content. Must be 18 years or older to read.

ABOUT THE SERIES: The Noblemen brothers aren't new to the sacred Qurilixian bridal ceremony. After several failed attempts at finding a bride, it's hard to get excited about yet another festival. No matter how honorable they try to live, it would seem fate thinks them unworthy of such happiness--that is until now.

With very few words spoken and the shortest, most bizarre courtship in history, they will bond to their women forever. And once bonded, these men don't let go... Too bad nobody explained this to their brides.
