*"A total must read! A brilliantly creative universe . . ." Mark Andreini.*

Will their love be strong enough to keep them alive and get them back to Earth? Finding one's psi-mate is something every Sandarian hopes for, but when Ian Cavacent accidentally starts the bonding process with the Earthling, Dani, he has to fight his desire with every ounce of his being. If the process is completed, it means both political and financial suicide for Ian and his family.

A natural klutz, Dani somehow always manages to land on her feet and win her mixed martial arts matches. At home on Cat Island, her balance is thrown when bazillionaire Ian takes notice. Unfortunately some Torog aliens also take notice, sending her life spiraling out of control and into Ian's arms. But Dani isn't the type of woman to let alien voodoo decide her future or her mate...no matter how gorgeous the man is or how much pleasure he gives her.

For centuries the Cavacents have mined Earth for a precious element, carnium, while protecting the planet from other alien species. Thanks to the Torogs, Dani and Ian must flee to Sandaria. As Dani learns to use her newfound psi powers, the empire crumbles around them.
