Jack London

Cuentos de soledad (El Doctor Sax) (Spanish Edition) Jack London

Jack London (12 enero 1876 San Francisco - 22 noviembre 1916 Glen Ellen) en su corta vida fue marinero, pescador, periodista, explorador, agitador político, un lector y un escritor compulsivo. Durante su infancia alternó la escuela con el reparto de periódicos y, de ladrón de ostras, pasó a los diecisiete años a apuntarse a un concurso periodístico, consiguió el primer premio. En 1897 y 1898 realizó viajes a Alaska atraído por la fiebre del oro. Publicó más de 50 libros, conoció en vida el éxito mundial. Entre sus obras destacan *Martin Eden*, *John Barleycorn* (1913), un relato autobiográfico sobre su batalla contra el alcoholismo, y *El vagabundo de las estrellas* (1915). Jack London se suicidó el 22 de noviembre de 1916 en Glen Ellen (California) a la edad de 40 años. Los periódicos europeos dedicaron más espacio a la noticia de su muerte que a la del emperador Francisco José de Austria, fallecido el día anterior. En estos cuatro cuentos la contradicción individualidad - colectividad es evidente, como en el resto de sus obras. London sostenía que el ser humano no es bueno por naturaleza, y que solo en la soledad extrema y primitiva consigue reconciliarse con ella. Los protagonistas de estas narraciones logran el más profundo Amor a la vida en el momento en el que recorren el último camino, que lleva al Silencio blanco.
