The Trigger Tim Butcher

On a summer morning in Sarajevo a hundred years ago, a teenager named Gavrilo Princip took a pistol out of his pocket and fired the opening rounds of the First World War. By killing Archduke Franz Ferdinand, heir to the Austro-Hungarian Empire, Gavrilo Princip started a cycle of events that would change the world forever. Retracing Princip's steps from the feudal frontier village of his birth to the great plain city of Belgrade and ultimately Sarajevo, journalist and bestselling author Tim Butcher makes discoveries about the assassin that have eluded historians for a hundred years. Drawing on his own experiences in the Balkans as a war reporter during the 1990s, he also unravels this complex part of the world and its conflicts, showing how the events that were sparked that day in June 1914 still have influence today. Part travelogue, part reportage, and part history, *The Trigger* is a rich and timely work about one of history's most crucial and least-understood characters.
