Castellio contro Calvino (Ritratti) (Italian Edition) Stefan Zweig

Storia di uno scontro mortale dove la posta in gioco è la libertà di pensiero, questo libro non è soltanto un vivido affresco della Ginevra calvinista del Sedicesimo secolo. Nella visione di Zweig – che scrive nel 1936, in pieno consolidamento del regime nazista –, il teologo Sebastian Castellio e il riformatore Giovanni Calvino rappresentano due modi opposti di vivere la fede e gli ideali: da una parte la difesa della tolleranza e della dignità umana, dall'altra il fanatismo che incarna un potere dispotico. Cominciata sull'interpretazione delle Scritture, la sfida esplode con la condanna al rogo per eresia del medico e umanista Michele Serveto, quando Castellio prende apertamente posizione contro le persecuzioni religiose. Ha inizio così una battaglia condotta con le parole e a rischio della vita, attraverso la quale Castellio supera i confini della sua epoca per diventare un eroe, necessario e attuale, del pensiero aperto, dialogico e non violento.
