Why the U.S. [and the world!] Needs a Female Revolution!: The Plague of Male Dominance! Boye Lafayette De Mente

The oppressive and abusive treatment of women has been built into the cultures of humanity since the origin of the species. The man-made one-God religions [Judaism, Christianity and Islam] in particular have epitomized this male gonad-driven ideology; an ideology that has had and still has an incredibly negative impact on all elements of society. This book details the destructive influence of male dominance in the United States, from business, education, entertainment, and the news media to politics...and what must be done to restore the American dream. The book also explains in detail why and how males have prevented humanity from achieving its full potential, and outlines basic changes that are essential before that can be achieved.
