This newly updated and revised educational booklet is part of the Dattoli Cancer Foundation's Prostate Cancer Essentials for Survival series. It is a primer for informed patients and provides a comprehensive overview of Hormonal Therapy when utilized for treating patients with advanced prostate cancer, and when utilized for treating patients with early stage disease in conjunction with the most advanced forms of radiation therapy such as Dynamic Adaptive Radiation Therapy (DART), Intensity Modulated Radiation Therapy (IMRT) and brachytherapy. The authors are leading cancer care professionals specializing in state-of-the-art radiotherapy and they offer the most practical and up-to-date medical information. Dr. Dattoli shares his wealth of knowledge and experience as Physician-in-Chief of the Dattoli Cancer Center & Brachytherapy Research Institute, which has the largest combination brachytherapy and DART program in the world. The authors also published the popular patient guidebook, The Dattoli Blue Ribbon Prostate Cancer Solution.
