Life can change in the blink of an eye. Just ask Hayden Stone. One minute he's on his way to visit his brother in New York, the next he's running for his life. Previously normal people are becoming mindless killers, at least, those that don't vanish into thin air. Worse, there are other things out there, frightening things that should not exist. Thrust into a world in which nothing works, no phones, no internet, no cars, Hayden and a ragtag group of dazed survivors must pull together to achieve the impossible: Survive.
