The Sing Out Loud series is an innovative vocal training program designed specifically for kids, teens, and beginning singers. Each book is filled with pictures, illustrations and audio files, designed to function like a personal vocal coach, with easy, fun, step-by-step assignments that will help the beginning singer develop their singing voice. Sing Out Loud Book II: Developing Your Voice is a continuation of the first book in the series, and is designed to reinforce your understanding of correct vocal technique. Through a series of masterful vocal exercises and warm-ups, you will extend your range, improve your sound and gain pure vocal freedom.

NOTE: Each book in the Sing Out Loud series is relatively small in page count, and was written as such to maintain the reader's attention and to function as a series of vocal lessons to efficiently advance the students singing ability without being forced to weed through endless amounts of unnecessary wording.
