Watch Me Grow!: A Down-to-Earth Look at Growing Food in the City Deborah Hodge

A charming introduction in words and photographs to growing food in the city.

The companion title to *Up We Grow!* is another informative and inspiring book about small-scale, local farming. This time the focus is on raising food in cities, where it can be grown anywhere - on windowsills, balconies, yards, boulevards and even rooftops.

Children follow the food, from planting and tending to harvesting and eating. Kids also read about sharing in community gardens and community kitchens and about the friendships and sense of caring that grow as people tend their city gardens.
