Space Piracy Greta Bowles

Space pirates are bad news, right? But what if they are smoking hot and you find out that any physical contact sets your body on fire—and theirs too? Sal and Donna think the blue males who boarded their ship are the hottest things they've ever seen. Until they showed up their cargo ship was as much fun as a woman's prison. And there is that chemistry thing going on between the specifies. Every time one of the soldiers grabs a female crew member he gets rock hard and she wants it hard and furious. But pirates are bad news, right? So they probably ought to stop them. Somehow.
