Cape Cod Stories

Joseph C. Lincoln

Cape Cod Stories Joseph C. Lincoln

Cape Cod has stirred readers' imaginations for more than a century. His quaint villages, peopled with admirable and lovable folks, serve as attractive havens. Through his books and stories one has the option of escaping to Harniss, Ostable, Bayport, Trumet, Denboro, and other communities where adversity is overcome and romance is required. These towns, appearing only in the pages of Lincoln's fiction, are Cape Cod's own Brigadoons; they are alternative lands where fantasy obscures reality. Like all fairy realms, however, these villages are treacherous. The unwary are lured into losing their sense of direction, into mistaking life as they think it should be for life as it is, into conflating the true with the false. Joe Lincoln's Cape Cod, like many enchanted kingdoms, shares characteristics with reality. As illustrated on slip jackets from his novels, these fictional villages feature lighthouses, picket fences, majestic clapboard houses, and ocean views, just as does the actual Cape Cod bounded by the waters of Vineyard Sound and Cape Cod Bay. (Figs. 1 & 2) These realities, however, are linked only tenuously; Joe Lincoln's Cape Cod is of New England, not in New England. Lincoln's fictional Cape Cod was meant to represent New England, or what he on occasion called "Yankeedom." His portrayal, however, was selective, only superficially resembling the whole truth. In more than forty novels and countless short stories, he made his readers familiar with the region's boats, and harbors, and sand trails over pine scrub.
