Things You Can Do With Your Computer Joseph Pettigrew
A quick guide to computers (for home or business)

This book is for people who know nothing, little, or enough to feel comfortable, but want to know more about computers (young and old.)

I show you graphics and how to manipulate them, how programming works (for those who want to do more with their computers,) networking, some tips and recommendations, software tools (databases, word processing, and spreadsheets,) and how parts of your computer work. I also tell you why and how to protect yourself and keep your computer up and running. I simply tell you the many options you have available to you on how you can use your computer.

I hope this book will show you how to use all available resources to accomplish your computer related goals. Use your imagination and never give up!
