In the Name of God: The Making of Global Christianity Edmondo F. Lupieri

From the *conquistadores* in Central and South America to the Jesuits in China, Edmondo Lupieri traces the consequences of European war and conquest for global cultural identities from the age of exploration to the present. *In the Name of God* exposes the economic, political, and religious justifications and motivations behind the European conquests and uncovers some of the historical roots of genocide, racism, and "just war."

Lupieri's animated and comprehensive historical-sociological study masterfully weaves together a tapestry of ideas, individuals, and people groups, linking them throughout to present-day realities in often surprising ways. Unflinchingly critical, Lupieri describes how European-indigenous encounters have shaped Christianity -- and the world -- irrevocably.
