Weight of the World is the first of a two-part series featuring Stephon St.Claire aka Saint. Saint is an ambitious, self-motivated dreamer who sees the world for what it is- the haves and the have-nots. His three-year stint in prison for selling cocaine within 1000 feet of a school zone left him feeling abandoned, angry and alone. With the mounting pressure of raising two infant sons that were both born while he was incarcerated, Saint needs to come up with a new master plan. Blessed with the gift of gab he trades in the drug game for the underground world of managing escorts, which some may refer to as "pimping". With his main girl Amanda by his side, things start to look up. The money is flowing but it's too much for one man to handle alone, so he solicits the help of his first cousin Ant. On the way to achieving his ultimate goal of providing a better life for his kids and of course, himself; greed, envy and back-stabbing enter the picture. Will Saint rise to the occasion or crumble under pressure?
