I had everything I ever wanted? a wife, a kid, with two more on the way. I was living the American dream.

After the babies were born, we hit a rough patch. I did everything to prove my love, to show Suzy that nothing was more important than her. After some work and a lot of time, we found our groove again.

Just when life had evened out, a familiar enemy came back to haunt us. It wasn't my past that followed us, but my brother's. When the danger gets too close, I'll do anything to defend my family. There's nothing more important than the people I love, and I'll protect what's mine? even if it costs me my life.
