TIMELINE: Untold Stories of Space Exploration (Moonwalkers(tm) Book 3) John Getter

In Volume 3 of his Moonwalkers(tm) series, author John Getter once again uses his experience as NASA's reporter-of-choice for pool coverage, private pilot and personal friend to many of the astronauts to reveal the little-known stories behind the history of space exploration.

Join John as he takes the reader on a day-by-day journey through American and Soviet space exploration from the birth of NASA in 1958 and the first man in space – a Soviet – through the 1972 last walk on the moon – an American. Discover why Russian cosmonauts urinate on a vehicle tire before every flight and what became the politically incorrect catchphrase all astronauts hear as they prepare to climb into their spacecraft. Learn more about the triumphs, disasters and cover-ups that were such an integral part of the Cold War race to the moon.

This e-book includes 37 color photographs from John's personal collection as well as NASA and Soviet archives. A great follow-up to John's best-sellers Moonwalkers(tm) Volume 1 "To The Moon: Untold Stories of the Space Race" and Moonwalkers(tm) Volume 2 "Star Truck: Untold History of the Space Shuttle."
