UN Peacekeeping, American Policy and the Uncivil Wars of the 1990s (A Stimson Center Book)

In a stunning follow-up to his well-received *The Evolution of UN Peacekeeping*, William Durch looks at the peacekeeping efforts of the United Nations as they took shape during the present decade. El Salvador, Angola, Mozambique, Rwanda, Somalia, Cambodia and the former Yugoslavia all harboured explosive political situations that tested, and in some cases continue to test, the limits of the United Nations ability to keep peace in a world where the political situation is constantly changing. Anyone interested in international politics and peacekeeping will want to read Durch's newest.
